

T-BONE SLIM

THE PASSING SHOW

(A souperfishal eggamination conducted into a soup-cellar (sub-cellar) by the author at Milwaukee, Wis., while the souphounds, hugging their "identities" (passes) were trailing down to the feast—a decidedly "soupy" supposition.)

Let's go:

Soupposing som soupernatural souperintendent souperefficiently soupprest soup!

Soup! souperb soup! Soupbliame soup!

Soup erlative soup—Soupposing!

And soupposing the SOUP-er-MEN, soupprised, soupphiantly soupplicate the SOUPPREME SOUP-BONE for souppert, souptenance and souptance.

And souppose the SOUPPREME SOUPERIOR souplements the "soupprest soup" with soupterranean souptiches, as souptitote—to said souptceptible souptordinates and unsoupticious souptaltrons and loyal-souptects.

And soupposing, soupssequently, the soupersticious, souperhas, souptfaggites and unsouptackful souptans's soupply the mellifluent notes of We Shall Meat—bye and bye (Note: "O" and "meat" is silent in "soup"). Would that, O mighty editor, be souptishlent grounds to soupspect that our souptfaring (suffering) is souperinjuiced and that we should organize to get the rest—the rest—the REST of the good things of life (very "restful they are). I pause for reply.

Soupserviantly yours,—T-bone S.
(P. S.—May I call this a cuss-word puzzle?)
