

Man never is honest; he ever was honest.  
Honesty, Bravery, Cowardliness, Crookedness  
etc is not established until after the deal  
is a fact and in the Past.

Forget Insul; the condition that caused  
the Insul scandal still obtains — else,  
are we to become a nation of punishers?  
How about preventatives and live in the  
Present?

Twenty thousand reds, pinks and mauve got  
playful in Mad. Garden and started cracking  
nuts for one another — 500 hurt and Half-  
away almost Killed. The hero of all these  
wars was Robert Minor (Bob is younger  
every day) and an unnamed woman.

These sorties are considered superior  
to prosaic organization work.

Reds carried the day without my assistance.  
But had I been there Minor would have been  
two heroes, instead of one.

It never will happen again.

Because — cops let 'em fight.

No fun in battle if cops are to referee.

Smart guy that La Guardia!
