

Samples of Spoken Finnish, Downloadable Version

skn-dl

metadata: <http://urn.fi/urn:nbn:fi:lb-2020112937>

The downloadable data was re-packaged on 31.01.2023, because information was found to be missing in the former packages.

The following data was added:

- Four preface texts ('saate') for the individual parts of the book series in PDF format
- PDF files with general information for each of the 50 municipalities
- wav files for the municipalities 9-14

Detailed list of files, which were added to the re-packaged zip files:
